

Why They Booked Olive Tree (in random order)

"John said his aim was for our guests to go away saying it was the best wedding food they'd had when we first met. Tasting at restaurant proved quality. Agreed to one pudding for the girls and one for the boys and even a special treat for our dads! Very accommodating. Peover recommended - important as guests assume its golf club food so we knew they would only recommend someone who would deliver, and Olive Tree delivered perfectly!"

"Easy to deal with. No pressure. Great personality and 'can do' attitude from John. We Liked the menus better than other companies."

"Used by the venue and had a high number of recommendations. Customer service was better than other caterers."

"After meeting with John he put our mind at ease about the catering and they took care of every little detail."

"We were both extremely impressed with the menu, price and initial tasting session; the food looked amazing and tasted even better. We knew that our guests would be impressed with the food and service on the day."

"Recommended by the venue, and easy to deal with via email - we weren't living in the area where we got married so being able to stay in touch via email and just meet once before the wedding was perfect for us."

"The venue recommended it"

"John came to visit us at home. My mum is in the Food trade and was very impressed with what he said. My parents went on my behalf to taste the meal I had chosen (I was out of the country). It was brilliant. I felt they gave me the confidence that food to be served on the day was something that I didn't need to worry about. They delivered - the wedding breakfast and supper were excellent"

"Initially recommendation from venue but final decision was based on tasting and confidence in John and his team."

"Their reputation. And they did not let us down!"

"We were blown away at our friends wedding with how nice the food was so had no hesitation booking them for our own wedding."

"The food was fantastic and the menu could be tailored to suit our needs, they were great value for money"

"Recommendations by the venue, an excellent menu that was both inventive and diverse... and countless testimonials by other satisfied customers."

"We booked them after we met them and were very impressed with his ideas and suggestions"

"We loved their ideas, creativity, quality and presentation of food. Their level of service and flexibility from the moment we enquired was excellent."

"Because of their willingness to be adventurous with the menu - we wanted tapas!"

"Recommended by the venue. But also excellent menu selection and very good (and clear) pricing."

"Recommended by Peover Golf Club"

"The choice of food was fantastic and John was so professional and knowledgeable that he immediately put our mind at ease that we could trust him and his team to deliver us fantastic food on the day. John also made us feel very special and understood the importance of making sure that everything was exactly how we wanted on the most important day of our lives. Nothing was too much trouble. The service was exceptional, the food simply exquisite and everything just happened seamlessly behind the scenes. Our guests are still talking about the food..."

"Flexibility of mixing items from different menus, we could cater to as many people as we wanted to rather than having minimum numbers, great customer service, great tasting food, value for money, felt we could trust John to deliver great food on the biggest day of our lives!"

"After numerous tastings Olive Tree provided a very high standard of food, friendly service and made us feel very secure that our wedding would be treated as if it was their own, they took all the worry out of the food for our big day. They also provide exceptional food at a price that didn't break the bank."

"Excellent choice of food at an affordable price, following the sample menu we were in no doubt."

"We liked John, he was professional and knowledgeable. John was flexible with his menus and managed to get what we wanted within our budget, even sourcing veggie black pudding from Bury market! The tasting was at his restaurant and the food was delicious, leaving us with no doubts about choosing The Olive Tree."

"The look of the menu and the price was reasonable compared to other we had looked at."

"Because of the personal touch and they came and cooked our wedding meal for us so we knew what we were going to eat!! And they were highly recommended by others!!"

"The great value for a high standard of food"

"From the initial email requesting a quote they were spot on. With immediate responses to all correspondence and flexibility to ensure we had what we wanted they were definitely the right choice of caterers."

"They were the only ones who didn't try to influence what we wanted. They were competitively priced, down to earth people who treated you from the start with a degree of respect that left you feeling special. They called out to see us and even offered tasting sessions at your house if you did book them. We didn't take them up on this. We asked for afternoon tea, cakes, scones and the like. At the tasting session they surpassed our expectations and turned a simple request into an array of delights that you would expect from a high class restaurant"

"From the first email and phone call with John, his approachable, understanding manner gave us confidence that he could provide what you wanted for our wedding day. He was personal, yet knowledgeable and treated us all with respect. He always remembered us personally, despite probably having loads of enquiries. He was honest and open, and made the most of our small budget. This calm and friendly attitude was important to us, and proved outstanding on the day."

"From the moment we contacted Olive Tree we were treated like old friends. We were always given all the information we needed and treated in a professional and friendly manner. We felt as though we were in charge of our decisions but given enough information to change or adapt as we needed to. On every occasion I contacted John at

Olive Tree, I received a prompt and thorough response, this reassured us and also removed any stress about out catering. We chose our menu and went for the tasting. The quality of the food and the presentation was perfect. Even though it was just a tasting, every detail was taken care of. The cutlery was immaculate served on warm plates. We were not rushed or hassled, and did not feel pressured to choose the Olive Tree, which in itself was a positive. The price per person was more than except able based on the amount of food served to each guest and the fresh quality which was served. Without being prompted, John contacted us a few days before to confirm all the details which were another nice touch. We had met the chef during our tasting who explained how he had created each dish and the ingredients he had used. We felt like we had personally chosen each course and not just picked a list of food. On the day the food was served extremely efficiently by friendly and co-operative staff. The little things like serving the head table with silver service and keeping the plates topped up meant a lot. The plates were cleared away once clear, but not to the point of feeling rushed. Each course was of superb quality, served in decent portions and until the guests had enough? I would recommend and use the Olive Tree again and again and could not think of 1 thing I would change about their service we received from day 1 to the Wedding day."

"Recommended by wedding venue."

"Food looked and sounded great! John was easy to talk to and nothing was too much trouble."

"They provided the Tapas menu that fitted with our idea of a relaxed, fun and informal wedding breakfast. John listened to our thoughts and ideas and acted flexibly near the day, adjusting our menu as we needed. We felt that Olive Tree really wanted to go the extra mile to give us what we wanted and the quality of the food was very good. We were offered an extensive tasting trial before we booked."

"Quality of the food and the manager John filled us with great confidence."

"Friendly and co-operative service. They did what we wanted and asked for rather than them dictating to us what they will do. Which I often found happened with other wedding caterers."

"Olive tree was a preferred caterer for Peover Golf Club. We liked their menu options and prices. The testimonials on their website also helped!"
