

Cocktails, Canapes and Laughs.....

From elegant handcrafted cocktails, arrival drinks, table served wines, or a complete, fully staffed bar service, Olive Tree can take care of everything you need to keep your guests well refreshed.

Our mobile bars are suitable for weddings, private celebrations, corporate events and venues without their own bar facilities. We can provide the bar, experienced staff, drinks, glassware, refrigeration and all the equipment required for a professional service.

Choose from cocktails, wines, beers, spirits, prosecco and soft drinks, with packages tailored to your event, guest numbers and budget. Perhaps complete your drinks reception with a selection of beautifully presented canapés, freshly prepared by our experienced chefs.

Whether you require welcome drinks, a cocktail bar, a full-day licensed bar or additional bar facilities for a larger event, our team will work with you to create a seamless service from arrival until the final drink is served.

“Thank you so much Olive Tree team for helping make our wedding day so special. From our first meeting, we felt completely at ease and knew the food and drinks were in safe hands.

The canapes, drinks reception wedding breakfast and Bar were amazing and looked fantastic in our Marquee. The drinks selection was perfect and the staff were friendly, professional and attentive throughout the wedding day. Everything ran so smoothly, and our guests loved the cocktails.

We were absolutely delighted with the service and received so many positive comments from our guests. Thank you again to the entire Olive Tree team.”
